* Price correct at time of distribution

** For vehicles booked in for a service or MOT. Subject to availability. Please book in advance to avoid disappointment. Collection and delivery limited to 20 miles from a service centre.

*** In 2004, the EU made it illegal for car manufacturers to insist that customers have to use a franchise dealer to service their vehicle in order to maintain a valid warranty. As long as the service schedule is adhered to and the parts/lubricants used are to manufacturers' specification, the warranty remains valid if the vehicle is serviced by an independent garage.
